

# All-time, All-scale NICKEL PLATE ROAD and Predecessor Railroads MODEL LIST

Prepared by Nickel Plate Road Historical & Technical Society (nkphs.org) Modeling Committee  
Version **2.14** updated **June 27, 2017**

**Note:** Models in this list are either built to closely resemble NKP or predecessor railroad prototypes or come factory painted and lettered for NKP or a predecessor railroad. Three-rail models are included if they can be converted to scale with new trucks and couplers. Blanks or listings in red signify a need more information or confirmation. Listing marked with an asterisk\* were done as NKPHTS Special Projects. Photos of some of the models appear in a gallery at the end of these listings. – *Tony Koester*, NKPHTS Modeling Coordinator
